

DOUBLE YOUR DONATION—DOUBLE THE IMPACT FOR YOUR CHILD

How You Can Help the Solana Beach Schools Foundation with Corporate Matching

WHAT IS CORPORATE MATCHING?

Many companies will match a percentage of an employee’s charitable donation to give back to the community and encourage community involvement. Fortunately, companies are increasingly offering corporate matching in their benefits packages.

WHAT DO MY CORPORATE MATCHING FUNDS SUPPORT?

Corporate matching donations support Discovery Lab classes and programs that are budgeted for the school year at your child’s specific school. This support will make a real impact on your child’s education and elementary school experience.

Historically, corporate matching has funded nearly 10% of our financial goal!

WHEN DOES A COMPANY MATCH DONATIONS?

Companies often match donations made to our Annual Fund Drive, but they may also match donations made to many of our other fundraising efforts. Say you buy an auction item or student art, or sponsor a student in our Fun Run—many companies will match this donation.

Your company may match any 100% deductible donation!

HOW CAN YOU FIND OUT IF YOUR COMPANY MATCHES DONATIONS?

Simply ask your Human Resources department. If they don’t offer corporate matching, try mentioning these past corporate participants to see if they’ll consider it:

Abbott Fund	Cisco	Intuit	SalesForce
Agilent Technologies	Crown Castle USA	LPL Financial	Sempra Energy
Alliant Insurance	Cymer	Medtronic	Servicenow
American International Group (AIG)	Deutsche Bank	Microsoft	Sequenom
